HONOR

RESPECT

COMMITMENT

From the Director's Desk

The 109th BOTC will be departing Saturday February 18, 2006 for the Kings Point Merchant Marine Academy, to start their training. The class spent all last week in Silver Spring completing their indoctrination and met a variety of NOAA personnel from all major line offices. BOTC 109 graduation is scheduled for May 25, 2006.

The 2006 Promotion Board season is upon us, the Promotion Board schedule has been posted, and all officers are reminded to review their Official Personnel Files and ensure all requirements for promotion are complete and the documentation is in your OPF before the Officer Personnel Board convenes. Additionally, CPC will be forwarding nomination packages as soon as possible, after each promotion board convenes, to ensure that the these packages receive the necessary clearance before the Senate recesses. Officers recommended by the OPB for promotion, must be found to be mentally and physically qualified for promotion. CPC will not hold nomination packages, for a few, if officer physicals are not current. Review your OPF and make sure you have completed all of the necessary professional and physical qualifications for promotion.

The Officer Evaluation Reports continue to arrive at CPC. CPC will be reviewing all OERs to ensure that they are complete and accurate. This review will take time, therefore, you may not be able to view your OER on line so do not panic. CPC will review, scan, and post OERs as quickly as possible. Please be patient.

A handwritten signature in black ink, appearing to read "J. Bailey".

Captain Jonathan W. Bailey, NOAA
Director, Commissioned Personnel Center
